

HISTORICAL

Who is Paul-Emile Charlton?

In 1997, I find the man (a Portuguese, an old neighbour!) who, almost surely, has kidnapped the little Marion WAGON, aged seven, in Agen (Department 47 -Lot et Garonne-, France).

I draw up a report to the Criminal Investigation Department (SRPJ- Service Regional Police Judicière) in Toulouse.

The police inspector **who I had an appointment with** (a corrupted policeman), very impolite, writes down my declaration on a paper without asking me to sign anything! (This bastard of policeman had probably something to do with those soirées in Toulouse concerning that deal of the serial killer Patrice Alègre).

I quite keep my interest on this Portuguese who I used to drink with, and that few years before had had an extremely violent reaction just because I had told him “to have seen him in city the day before”!

The problem is that wherever he was, there had been a disappearance.

Not a bad pedigree: a taxi driver false licence in Agen, drug dealer, furnitures dealer, car dealer, dog dealer, draw poker dealer, (and only now I know: human beings dealer). I knew it since the 2000, he was active in the central area of France and in Paris too.

In 2004, I find my suspect again in Guermantes (Department 77), at 700km far from my house, next to the village impostor's zone, and in the street where the little Estelle MOUZIN, aged 9, has disappeared.

I speak to the phone with the Portuguese **to lay him a trap**:

-I'm looking for...

-Yes, it's me, I have relatives in...

-I live in...and behind...I'm the neighbour of...

-Yes, it's my brother....who bought that house.

Straight after I call the Paris Department Police (SRPJ in Versailles) and the Agen Gendarmery.

No policeman or gendarme ever showed up!!

I keep investigating and I send by fax my findings to the Police and the Gendarmery (27 pages), but no one lifted a finger, as they had all been suspended from their Home Secretary of that time, a certain Nicolas SARKOZY.

What happened to me in the following 10 months:

Preventive Detention/Search of the premises/Laptop's hard disk wipe-out. In few words: **“Talking and dealing with this affair forbidden!”**. (I've just known that the gendarme O.P.J., known for corruption, who had been in charge of my Preventive Detention (11 hours), at the time of the “Alègre affair”, he was the middle-man of those smart soirées, probably sadomasochist too, for the Tarn Department. **They had sent me one of their men!**

They've tried to stop me through the psychological weapon (internment, check Boîte à Pandore N°3), I was saved thanks to a nice officer of the Criminal Investigation Department who had warned me:

-“Be careful, they're trying to play you like a fool”.

I find my Portuguese again in the “Alègre affair” (notables business), who has delivered some children destined to some paedophile and sadomasochist criminality soirées where some of the French politics, from right and left political parties, were present. In Toulouse, money obtained from drug deals and prostitution, were then used to finance political parties (French-Freemasonry). During my investigations, I find out that all disappeared people concerned in the “Alègre affair”, probably ended up in the incinerator in Cazères, by command and complicity of a Gendarmery Colonel, a corrupted colonel!

As I'm a minor editor (postcards editor) I don't lose heart and I print out a book (12/25) which I send by an acknowledgement of receipt to the Public Prosecutor of Toulouse and to the Police chief of Cazères and Muret. Again, no one shows up between the Investigating Judges warned with letter sent by acknowledgement of receipt concerning children kidnapping or other proves dealing with dirty business in Toulouse and other criminal facts. To make it short:

I realize that this Portuguese (undeniable repeat offender) has kidnapped all disappeared children and adults in France. All disappeared French people were living in 3 main areas (check map and the detailed criminal analyse). A Paedophile criminality/Organs trafficking/Satanic crimes-rituals network.

Therefore, there's no doubt, it's a French State affair, and no mass media wants to talk about!!! All politicians have been warned: Right Parties- Left Parties- Communist Parties- Conservative-Unionist Parties.

Three preventive detention, interviews, summoning and DNA samples, I'm already at the 12th check-up between Gendarmes and Police!

At the “Canard Enchaîné” (French weekly satirical newspaper) editorial unit, they've told me: “What all others do?” Some media told me they've been put under pressure, some others told me Good Luck, but mainly everybody shut up.

She took time **but the French freemasonry and New World Order Hydra has done her work.**

This Portuguese, who keeps kidnapping in France, now lives in Portugal. He still carries on his dirty job in France, and in Spain, Belgium, Austria, Germany, Switzerland and Italy too. It's undeniable that all those kidnappings are orchestrated!

European Police has been warned, but in 5 years I haven't heard from anyone!

He works for the underworld, **but above all he works for someone!!**

I understood this last winter while I was analysing the kidnapping of Italian old people : something that confirmed what had been anticipated to me in details in Marseille.

When they had to move somewhere else to change the area, they were probably in two and they had local accomplices (a network) in each “delivery” area. They surely had the Taser (electroshock weapon) even before the European policemen had it.

He delivers or buys them! Who's his boss?

You can find all irrefutable proves on “Human beings trafficking on demand” in the important “Open letter to those families of kidnapped or disappeared victims” on the web site: www.editionsliberte.com

You'll all be very surprised in finding out the dark role of certain French and foreign foundations or associations which are a real virus and exploit the words “children” and “childhood”.

Last minute (Italy).

Those bastards from the Italian show “Chi l'ha visto” (Who has seen him?) broadcast from RAI partially owned by Berlusconi, after having been warned (12/2008), they've modified their web site presentation, in a way to deprive people from the possibility to follow the kidnapping by date!!!

Families: we're sorry to have to tell you to be careful and open your eyes. It's not necessary to say that apart from the usual anaesthetizing promises normally used in those situations from white-collar people who want to give moral lessons to others, who shine and excel in dull authorities and tricks in their respective institutions, don't deceive yourself that the Police or the Bench in your country are going to do something to find a solution about those too many and identical commanded disappearances which reason wants to be kept in silence.

“The disappearing of your son, your daughter, your mother, your father, your brother or sister, your grandfather or grandmother, your relatives or the disappearing of those many people could have been avoided since long time, if only someone between the people being warned would have been more courageous and less passive in complicity.”

Malgré tous ces nombreux contacts avec les familles de victimes françaises ou étrangères averties et l'appel sur internet du '**Collectif Autre Monde**' (L'OCCULTE / RRR / TERRE D'ESPOIR / etc... etc...), pas grand monde (familles victimes, simple quidam au courant, militants anti N.O.M. 'qui voulaient tout casser' ou médias informés compris) **ce 11 Juillet 2009 pour bloquer l'étape du Tour de France Andore/ Saint Girons** et pouvoir leur demander enfin des comptes : **en direct**. Pourtant tout était près et dix secondes suffisaient, **c'est tellement facile !...** Si je remercie les rares, non concernés personnellement et courageux sympathisants présents, il était par contre hors de question de les faire monter seuls 'au charbon'.

Lo contrario al Amor, no es el odio, es el miedo

The opposite of Love, it's not the hatred, it's the fear.

« Le silence devient un péché lorsqu'il prend la place qui revient à la protestation et d'un homme il fait alors un lâche. »

- Abraham Lincoln -

As much as concerning the lawyers, (those characters who's studies career is not longer then a nurse's one, but they want to be called "Master"), **all of those who**, during those 5 years, have been warned more then once about all disappearing people, kidnapping, trafficking or killing, even if they were **representing the victim's families, they stayed in an ambiguous silence**.

The dimension of this business bothers many people. French freemasonry is in command!!

*At the beginning of October 2007 I warned with a letter sent by recorded delivery with acknowledgement of receipt concerning human being trafficking and other business in Toulouse, the Superintendent in Castres, Arnaud Tregouët: on the 17th of November 2007 "he" shot himself with a bullet in his head. Too curious the Superintendent!!

*

You can find the reason of this human beings trafficking in the Boîte à Pandore N°48.

COMMANDED AND ORGANIZED HUMAN BEINGS TRAFFICKING
IN WESTERN EUROPE ON BEHALF
OF THE NEW WORLD ORDER!!!

«.....we'll go all together towards this New World Order. And nobody,
I say nobody, will be able to make a stand.»

(excerpt from Nicolas Sarkozy's speech on the 16th January 2009 at the Elysée Palace).

Excerpt from Boîte à Pandore N°48:

“HOLLANDE, the man making pschittt!”

(check the website www.editionliberte.com, to read absolutely until the end please!)

Mr François HOLLANDE- Leader of Socialist Party
10, Rue Solferino
75333 PARIS Cedex 07

Letter sent with acknowledgement of receipt on the 14th March 2007:

.....“I wanted to communicate you that I've informed, more then once from 2004 through letter with acknowledgement of receipt,(correspondences wrote down in my book, but all left without a response) all Ministers in charge during the government **CHIRAC** about those severe malfunctions. Between them:

- **Mr Dominique de Villepin** - Prime Minister.
- **Mrs Michèle Alliot-Marie** - Gendarmery Minister
- **Mr Dominique Perben** - Attorney General

I haven't inform Mr **Nicolas Sarkozy** because, the Home Secretary in charge was the direct responsible for those severe and intentional malfunctioning”.

.....

Mr Leader of Socialist Party, there's time for everything.

You've ignored me!!

Personally, I have no choice any more, I only feel embarrassed (and I'm not the only one).
Once I get used to it, I'll adapt easily.

**You have a bomb in your hand.
The time to pay I think it's inevitable.
When the wind seems to change, in the middle of political alliances and conspiracy,
do you have the courage to light on the fuse?**

.....

It comes back to my mind that sentence said from Wing Commander Henri wrote down from the Gendarmery Marshall Michel Roussel in his book concerning this dirty business in Toulouse about the "Alègre affair":

"They won't let us go until the end" "You annoy Paris and others" "You're attacking the power, you standing against political parties getting financed from Town Halls, and against the French Freemasonry".

He was right, the Wing Commander! I left school soon, but I understood quickly. This wide human beings trafficking is not other than a perverse and financial transfiguration brought on a National, European and maybe Worldwide scale, of what was happening in Toulouse. And for all this, the mass of people is directly involved and used!
What a weird deal with the underworld.

**CHIRAC/SARKOZY/HOLLANDE/ROYAL/BERLUSCONI/CAVACO/ZAPATERO/
MERKEL and other colleagues from Switzerland, Belgium, Austria and England:**

All of them have been warned since long time!

Are you too part of this American model **of the New World Order?**

Are you part of this elitist and Masonic circle of Skull and Bone, the **Bush**, the **Kerry** and others "Enlightened", with which the French Freemasonry adorns itself with all those Lucifer evocative symbols?

Do you recognize yourself in this and why you have been elected from the people?

*As much as concerning children kidnapping, at the unbearable sight of CDs (in our possess) of Zandvoort network, atrocities inflicted to those children are in proportion to the profits made possible on this young skin and on the lucrative trafficking of those criminal paedophilia' CDs.

*The fact that our destiny reserved to our vital force, perverse sexuality and/or organs trafficking (**I had a very detailed explanation in Marseille**) is an unlimited and immeasurable source of profits, there's no doubt, having seen the market and the frightening number of disappeared people.

*I just would like that you, you that have been warned personally from me since 4 years now but keep staying quiet, **I'd like you to explain those unquestionable kidnapping of those old people aged 60, 70, 80, 90 and 95 too!!** disappearing at dozens and dozens as much in France as in the neighbouring countries.

(Check the proves in : “Open letter to families” & ‘Liste CHARLTON’ on : www.editionliberte.com)

Those masonic rituals of human sacrifices, in the name of a fool and medieval ideology, they are a reality!

Is the throne's level of your “Enlightened Masters”,
directly proportional to the age of the kidnapped grandpa??

It's not surprising that in 4 years, **you** and the political class informed (your bootlickers and other worms of mercenary brothers) are practically absent. And I'm not surprised that all European mass media under your directory shut their mouth, and that I haven't seen neither one French policeman or European between those that I've informed and that the Portuguese carries on his dirty job in full impunity. What a surprise! He works for you.

Here is the reason!

What's this crazy world?

Now, I understand better policemen or gendarmes worries which, sometimes used to give me some advices as for example:

who was at that soirée of the little Marion in Toulouse, would close the interview with: “Good luck Sir, Good luck”, or “Take care”, very meaningful, instead of telling me “Be careful, they're trying to play you like a fool”.

I thought that it was the underworld to play this game, but I was wrong, or better: it is the underworld! **The worst people are not those who we are used to think about.** I'd be curious to know all the appurtenances of this deal with the underworld, knowing who's in charge of the account and to where those money go. I'd be surprised that you'd stay satisfy only with old people.

I told you Internet would have been your ruin.

People will appreciate.

Families of disappeared people will be very happy!

I'm not afraid of you, you're disgusting!
